

Coding Unplugged!

For Grades 1-5

Learn early coding and
computer science skills.
No screens...just imagination!

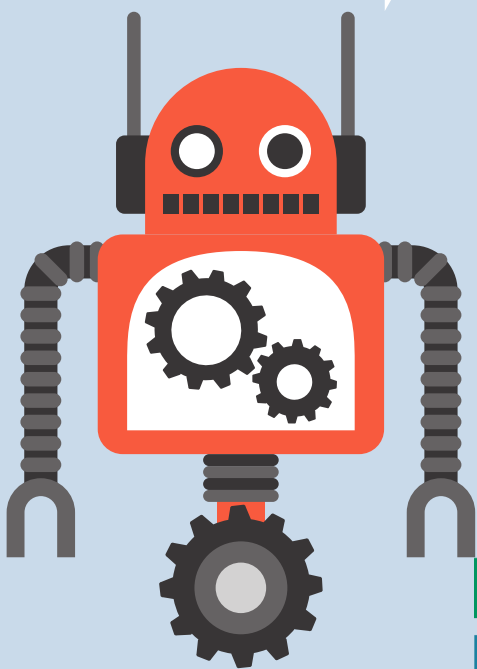

Thursdays, 2/7 - 3/14

6:30 - 7:30 pm

Saturdays, 2/16, 3/2, 3/16

2:00 - 3:00 pm

Online registration required.

Coding Unplugged!

For Grades 1-5

Program Schedule

Feb. 7 @ 6:30 pm

Algorithms

Learn how programmers use algorithms to give programs directions.

Feb. 14 & 16 @ 6:30 pm

Conditionals

Learn how programmers account for all the different things that come up when people use their programs.

Feb. 21 6:30 pm

Using Binary

Learn the language that computers use to communicate!

Feb. 28 & Mar. 2 @ 6:30 pm

Art-based Coding

Learn how to start thinking computationally by building your own robot.

Mar. 7 @ 6:30 pm

Follow the Rules

Learn how code represents space and images, and about the rules that make computers do specific things.

Mar. 14 @ 6:30 pm

Working Robots

Join us as we make paths for robots to learn more about how algorithms work.
